SEE WHAT PEOPLE ARE SAYING THAT HAVE READ THE BOOK.

You will be pleasantly surprised at the "attention grabber" effect this book will have on you. Charlie has written a well documented book on his life and times, both from growing up in Watts Mill, and onto his and Betty's journey to Nashville...and their incredible turn of events. Events that changed their lives forever, where their lives intertwined with so many stars and "stars to be".

It is so wonderful to read about Charlie and Betty's love for one another, the way love should be. Having had Charlie tell me personally about their life together, as I read his book, I felt like I was there beside him again listening to him tell me all about their life together and truly... "What A Day Yesterday Was".

Great job Charlie ...I know some wonderful things are going to come out of this book for you. God Bless you and your wonderful family. This is truly an enjoyable read and one that literally "pulls" you into Charlie and Betty's life. Thank you for sharing it with all of us.
