SEE WHAT PEOPLE ARE SAYING THAT HAVE READ THE BOOK.

Hi Charlie,

I just wanted you to know I have finished your book I bought at the book signing Saturday at Opry Mills and I LOVED it. I loved reading about all the stuff you did when you were a kid in Watts Mill, especially the "private swimming hole" you and your buddy had and the water moccasin deal. I could relate to that because I was raised in a small town (Lynchburg, TN) and we swam in the creek where there were water moccasins and thought if they were on the other side of the creek they wouldn't bother us. And, they never did. Guess God looks after little children

Even though there were parts that were funny that made me laugh, I also cried at different times like when you wrote about Betty, your wife passing. She was a very pretty lady and it seems a very brave one, too.

I think you are very talented and gifted to be able to write all the wonderful songs you have written and to be able to write such an interesting book. I could hardly put it down once I started reading it. I read a lot and have read all of Danielle Steele's books and I am going to have to say, it is my opinion, your book was every bit as good as hers are.

It was nice getting to meet you Saturday and by the way, I am the lady with the same last name as yours - don't know if you remember or not.

I hope your health problem gets better and I will be praying for you.

Sincerely,

Helen R. Craig
